### Young Leaders on the Up and Up

By **Mark Bodie**, Prudential, Young Leaders Group Communications Co-Chair

The first few months of 2006 have already seen a tremendous amount of activity in the local real estate community. Here are some updates from a few of San Francisco's Young Leaders:

At the beginning of April, **JC Wallace** made the move from Wells Fargo's Real Estate Group to SKS Investments, where he will be a Vice President. **Bryant Sparkman** was promoted from Senior Associate to Investment Manager at MacFarlane Partners, and **Peter Teal** will soon be leaving RREEF to enter Kellogg School of Management in Chicago. In a move that is sure to stir feelings of jealousy throughout the real estate community, **Allison Abbey** received a promotion to AMB's Amsterdam post and **Mark Bodie** jumped to Prudential Real Estate Investors as an asset manager after a rewarding stint in RREEF's Research Group.
